

Coretek Opto Corporation

RoHS Certificate of Compliance

To customer:

Coretek Opto Corporation hereby declares and certifies that all RoHS compliant parts are compliant to the definitions and restrictions set up by The European Parliament (Directive 2011/65/EU) and The Council of June 8, 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment. Coretek Opto Corporation hereby states that it complies to the following requirements of the directive:

- ☆ Lead content < 0.1% by weight at raw homogeneous material level
- ☆ Cadmium content < 0.01% by weight at raw homogeneous material level
- ☆ Hexavalent chromium content < 0.1% by weight at raw homogeneous material level
- ☆ Mercury content < 0.1% by weight at raw homogeneous material level
- ☆ PBB content < 0.1% by weight at raw homogeneous material level
- ☆ PBDE content < 0.1% by weight at raw homogeneous material level
- ☆ DEHP content < 0.1% by weight at raw homogeneous material level
- ☆ BBP content < 0.1% by weight at raw homogeneous material level
- ☆ DBP content < 0.1% by weight at raw homogeneous material level
- ☆ DIBP content < 0.1% by weight at raw homogeneous material level

(In full Compliance with the above substances banned in Section 4.1 of Directive 2011/65/EU, dated 8 June 2011)

Coretek Opto Corporation hereby declares and certifies that all parts are compliant to the definitions and restrictions set up by European Parliament (Directive 2006/122/EC) and The Council of December 27, 2007 on the restriction of the use of PFOS in electrical and electronic equipment. Coretek Opto Corporation hereby states that it complies to the following requirements of the directive:

The families of parts included here in are compliant to RoHS directive:

Restriction on the use and sales of PFOS & PFOA related products
PFOS & PFOA content < 0.005% (50ppm)

Completed and Semi completed goods (components)
PFOS & PFOA content < 0.1% (1000ppm)

Coretek Opto Corporation also declares that we have processes and systems in place to ensure continued compliance with RoHS directive 2011/65/EU and PFOS directive 2006/122/EC.

Thank you for your interest in Coretek products,
